Finder's Fee: Existing families who are instrumental in bringing a new family to our school may apply for a Finder's Fee (\$100 per new K-8 student, and \$50 per new pre-K student). The new family will name the existing family on their registration form. The existing family needs to sign up to be a mentoring family for the new family. Checks will be written at the end of 18 weeks should the new family remain in the school up to that time and the new family is current with fees and tuition.
