PRINCIPAL’S MESSAGE

Family Fun Night was a success! We had 124 kids decorate pumpkins, served more than 200 slices of pizza and packed a lot of fun into 2 hours. Thanks to a lot of extra clean up help, we were able to be out of St. Joe’s at 8 on the dot.

A shout out of thanks to Caitlin Svendsen, Stephanie Ploudre, and the following:

- Schuh Farms, pumpkins and ice cream donation
- John DiPardo, arranged pumpkin pick up
- Jonathan Ploudre, cardboard castle coordinator

nator

- The Shafers, cardboard box collection for castles
- Oliver Hinton, photobooth
- All of our set up, event, and clean up volunteers!

A set of gloves (possibly spider man) and a mini flashlight were left behind. Ethan, younger brother to Bryson in K, guessed the closest amount of candy corn. There were 796 candies in the jar.

FROM THE OFFICE, STAFF AND COMMUNITY

NEW LIBRARY. Mrs. Rittenhouse has begun classes in the new library. Thank you to the 7th and 8th graders who helped move books.

MAGAZINE SALE. Thank you to all of you who participated in the magazine sale in September. 75 students sold 828 items. 44 students sold 10 or more items to earn free dress and extra recess this Friday. 37 of those students sold more than 12 items and will go on a field trip to Arena Sports on Nov. 14. Congratulations to Annie Z. She was the top seller with 36 items sold.

FULCRUM FOUNDATION TUITION ASSISTANCE. If your child will be in K-12th next fall, now is the time to submit your application for tuition assistance for the 19-20 year. Go to

FulcrumFoundation.org and submit your tuition assistance grant (TAG) between Oct 1– Jan 4 to be considered for Archdiocesan support. The process requires 2017 tax information and a \$29 processing fee. If you need help with this, please set up an appointment with the office staff before Dec. 14.

ICRS PRESCHOOL. One seat has become available in our PK program. Tell a friend and you could earn a \$75 finder’s fee (see the Handbook for more details).

HANDY MAN or WOMAN NEEDED. Can you help us install cameras in and around the main building? This would involve running wire through crawl spaces and helping us link the cameras to the office computer.
